ETC Missions Grant Application for Churches

ETC Ministries exists to Expose students to Christ, Train them for ministry, and Connect student ministries to missions. In order to assist in accomplishing our mission we offer grants to churches that need financial assistance for taking mission trips. The application below will help us in determining how much money we may be able to offer to your church. Priority will be given to (1) Southern Baptist churches; (2) churches that have not taken a mission trip in the last five years; and (3) student ministries that demonstrate a passion for on-going missions. We will consider giving a grant to churches who do not meet these three criteria.

With your completed application, send a brochure or other printed information regarding the specific mission project for which you are applying for a scholarship. *ETC Ministries will prayerfully evaluate all applications. However, we are under no obligation to provide any financial assistance to any person or organization.*

Your Church Information
